

NEW FOR 2026

SPRINTUS

MOVIX

Compact floor scrubber dryer
The new generation of cleaning

Efficient. Powerful. User-friendly.

The Movix sets new standards in professional floor cleaning. It is designed for businesses that demand high efficiency, predictable costs, and consistently excellent cleaning results.

70 %

faster than conventional methods

30 %

more efficient than conventional floor scrubber dryers

200 mbar

suction power for dry floors in a single pass

400 m²

of cleaning with a single tank of water

360°

hinge for maximum mobility

66 dB(A)

operating noise level. Ideal for noise-sensitive environments

Resource-efficient & eco-friendly

- The Movix cleans efficiently, economically, and sustainably
- Thanks to the Movix's advanced fluid system, every milliliter of water and cleaning solution is used optimally. This allows the Movix to clean efficiently while saving resources – for sustainable building cleaning.
- One tank of water is enough for 400 m² – minimal water consumption with maximum coverage
- Optimized system architecture for low energy consumption and long battery life.

Technical Data:	
Li-ion battery pack	24 V, 13 Ah
Run time	75 minutes / battery
Charging time	100 minutes / battery
Brush motor power	250 W
Vacuum motor power	150 W
Sound pressure level	66 dB(A)
Brush speed	350 rpm
Working width	40 cm
Weight (machine)	22 kg*
Contact pressure	15 kg
Fresh water tank	4 Litres
Waste water tank	4 Litres
Area coverage	up to 1200 m ² /h
Max. suction power	200 mbar
Dimensions (L x W x H)	117 x 46,9 x 43,5 cm
Protection class	IPX4
Filtration	HEPA

*incl. Battery

Maximum flexibility: A mounting unit for secure transportation of the Movix on VariX ZERO cleaning trolleys is available as an option.

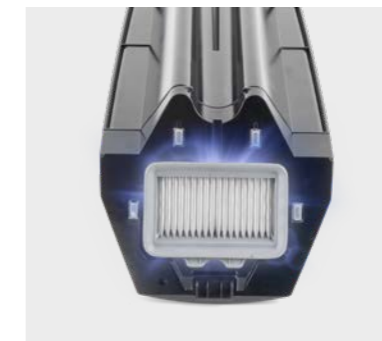

Flexible & Ergonomic: 360° joint for maximum flexibility and to accommodate users of all sizes.

Compact: Easy and convenient to transport thanks to built-in casters.

Two-click system: Tool-free replacement of the suction bar and rubber lips for quick changes.

Waste water tank: Easy to clean waste water tank with HEPA filter.

Battery run time: 75 minutes per battery charge – ready for use without interruption thanks to the dual-battery system.

Joint lock: Tilttable or lockable guide unit for agile, ergonomic work without exerting force. Can also be locked at two different heights for maximum flexibility.

Operating noise level: Quiet operation below 66 dB(A) – ideal for noise-sensitive environments.

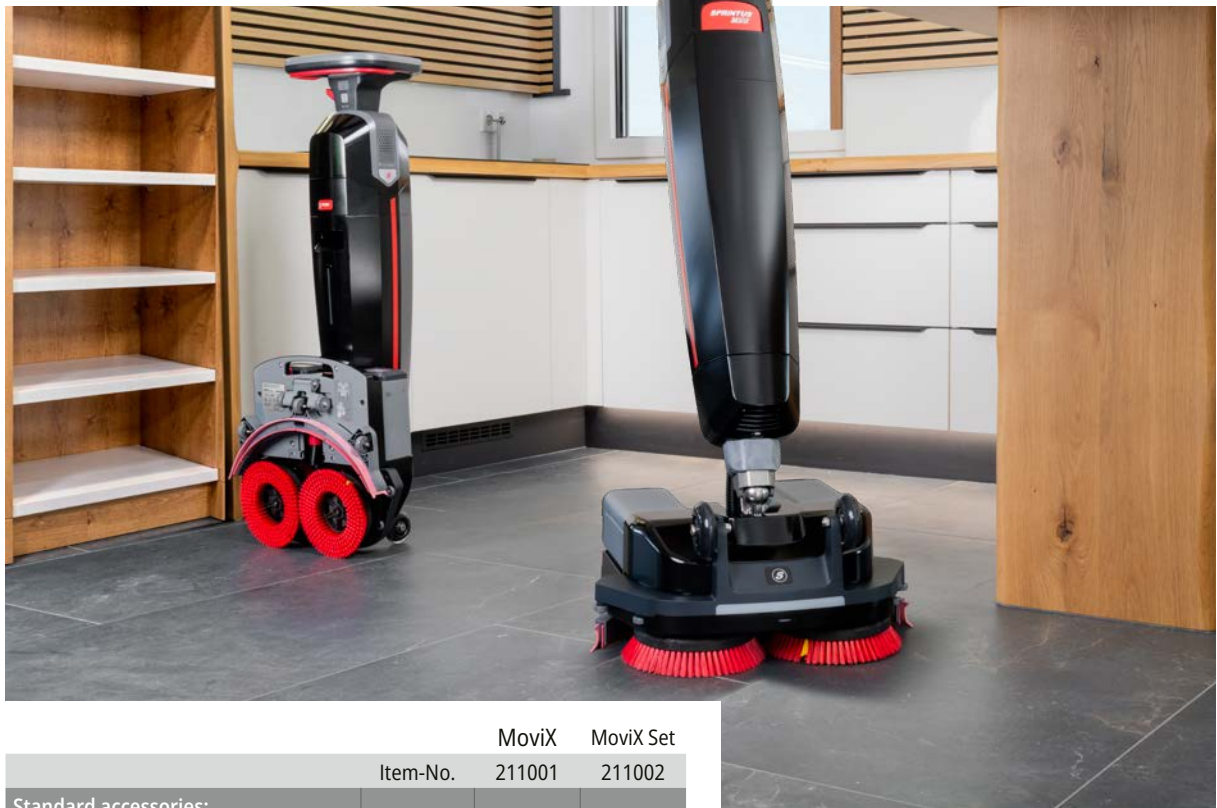

Fresh water tank: Two openings on the fresh water tank for easy filling and cleaning.

Brush mode: Easily activate brush operation without the suction bar—ideal for removing dirt, applying cleaning solution, and for polishing, coating, or shampooing tasks.

Simple: Thanks to the magnetic quick-change system, brushes and pads can be replaced effortlessly and securely in seconds.

Powerful: 15 kg of brush pressure for a particularly thorough clean.

Clean: With 350 RPM and counter-rotating brushes, even stubborn dirt is efficiently removed.
